

2nd Circular to ILRS Associates
15th International Laser Ranging Workshop, Canberra 15-21 October 2006

Registration

Time is running out to register your attendance at the Workshop in Canberra. This may be done via the website: <http://www.ilrscanberraworkshop2006.com.au/> or by direct email to Jennifer Mullaney jmullaney@eos-aus.com.

A lot more letters of invitation for Visas have been issued than registrations received! It would be appreciated if you did not wait for your Visa to come through before registering your interest.

Those of you who wish to defer payment until your arrival at the Workshop may do so. Please note however that you will still need to advise Jennifer in advance of your arrival or you may not be catered for at event functions or provided with an official event satchel. If you do not register in advance, you will also miss out on important information sent specifically to delegates.

Group bookings

Group bookings are welcome but no discounts apply. If you are coming as part of a group, then we request that individual names of group members (and spouses where relevant) are provided.

Accommodation

Accommodation vacancies Canberra-wide are becoming scarce due to Parliamentary sittings, so your earliest attention to this detail is essential. If you are having difficulties locating suitable accommodation please contact Jennifer Mullaney jmullaney@eos-aus.com for advice.

Special requirements

Please let Jennifer Mullaney know of any special requirements, dietary or otherwise, and we will do our best to assist you.

Partners program

Two sight seeing tours have been arranged for the enjoyment of accompanying persons. If your partner has interest in these events please do not wait until you arrive to book – the deadline for tour bookings is Monday 2 October. If we do not have sufficient numbers, the tours may need to be cancelled in advance. In this instance, those who have already paid will be reimbursed.

Call for papers

Detailed information for the submission of abstracts for each session are outlined on the Workshop website: <http://www.ilrscanberraworkshop2006.com.au/>

Deadlines

Abstracts: 30 September 2006
Registration/Cancellations: 13 October 2006
